“2f: Noise

All venues should ensure that steps are taken to avoid people needing to unduly raise their voices to each other. This includes – but is not limited to – refraining from playing music or broadcasts that may encourage shouting, including if played at a volume that makes normal conversation difficult. This is because of the potential for increased risk of transmission – particularly from aerosol and droplet transmission.

We will develop further guidance, based on scientific evidence, to enable these activities as soon as possible. You should take similar steps to prevent other close contact activities – such as communal dancing.”

- **Beginners only.** At the end of the session, we will bring all students with their belongings to the exit door (The small grass area at the side of the building near the bike stands) and they will be let them out one by one. Please remember to adhere to socially distancing when collecting, and keep the main path around the building clear. No student will be allowed out

without permission from their member of the Direct Dance team. If a different adult is collecting please inform the Direct Dance team prior to start of session.

- **Classes.** At the end of the session students will be led to their designated meeting point on the main playing field for collection. No student is to leave without informing their teacher. If student is walking home by themselves and under the age of 16 years, we need written consent prior for this to happen. When leaving please adhering to social distancing rules.
- Direct Dance will clean door handles and flooring between each class and the equipment as required. The Willow Centre will clean surrounding and communal areas in line with their guidelines.
- The communal facilities are regularly cleaned and maintain to a high cleanliness standards by the Willow Centre
